

**Ryan Soames Announces New Hire – Merrie Sesskin as VP of Business Development focusing on Miami Market**

**Miami, FL – June 8, 2022** – Ryan Soames Engineering (RSE) is pleased to announce a new addition to their team. Merrie Sesskin has joined RSE as Vice President of Business Development as of June 1, 2022. Merrie will be working in a national role, with a primary focus in the Miami office. She will be working alongside Bryan Cotton, Principal helping to develop new business in Florida, New York, New Jersey and the 18 states in which RSE is licensed and operating.

Her many years of experience in consultative sales and management, gave her leverage to assist leading Architecture firms such as HOK, Hillier, NBWW and Array, followed by our friend Stephen Feller and now with Ryan Soames Engineering.

Paul Soames, CEO of Ryan Soames Engineering, stated “RSE is very excited to have Merrie join our team and own this new role. We have tremendous confidence that she will contribute significantly to expanding our footprint in Florida and our other important markets.”

*Ryan Soames Engineering is a professional consulting engineering firm based in New York, New Jersey, and Florida. Ryan Soames specializes in MEP Engineering and Energy Conservation with a specific focus on building design, integrated building services, and energy-efficient engineering. We take pride in our ability to define the scope and goals of our projects in the early design stages to ensure the appropriate procurement route and scope of services are understood by the team. RSE has experience with working on a wide range of project types including commercial, cultural, education, environmental, media, hospitality, residential, amongst many others.*
